

YOUR PROPULSION EXPERTS

CLOSER. FASTER. SMARTER.

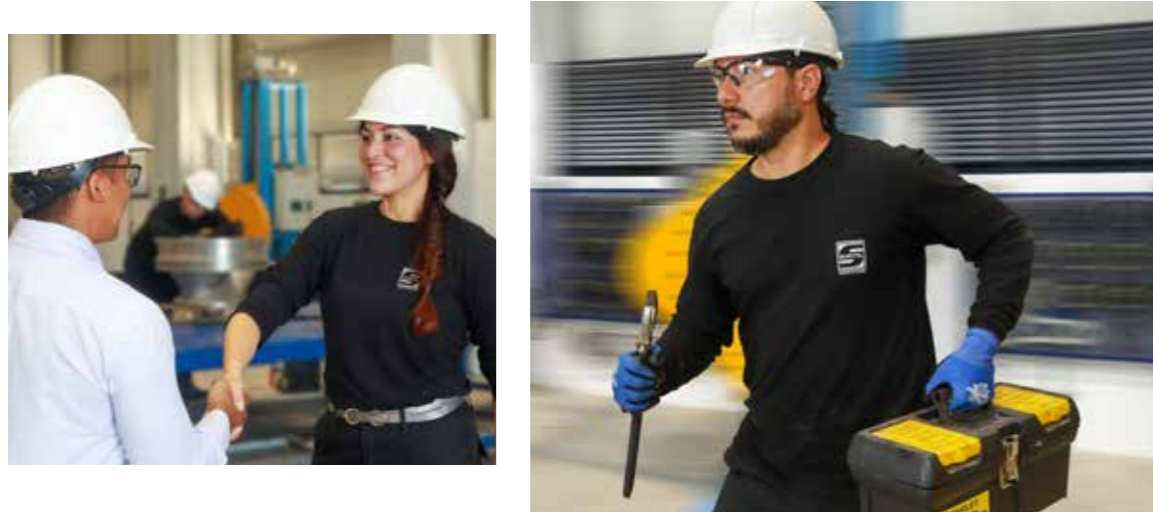

Your After Sales Service Partner in LATAM -
SCHOTTEL de Colombia

CLOSER THE POWER OF PROXIMITY

- In Cartagena, we bring our expertise closer to where it matters most – to you.
- Our local presence means more than convenience: it's about understanding your challenges and seeing your business through your eyes.
- Because the best service isn't the one that travels far — it's the one that's already there when you need it.

FASTER TIME AS A COMPETITIVE EDGE

- Every operation depends on time – and we help you make the most of it.
- By combining regional access with global engineering expertise, we shorten the distance between challenge and solution.
- From diagnostics to delivery, every process is designed for speed – without compromising quality.

SMARTER EXPERTISE THAT KEEPS FLEETS MOVING

- The SCHOTTEL de Colombia workshop delivers original propulsion expertise that boosts your fleet's performance.
- Specialized azimuth and CPP know-how ensures precise repairs that fit seamlessly into your planned downtimes.
- With state-of-the-art machinery and OEM-grade workmanship, you benefit from maximum reliability and long-term durability for every unit in service.
- Advanced diagnostics, tailored service concepts and a large spare parts warehouse enhance your propulsion efficiency and extend your equipment's lifecycle.

LOCATION PROFILE:

SCHOTTEL DE COLOMBIA

SCHOTTEL de Colombia operates one of the most modern workshops in the region. Across 1,000 m², flexible workspaces, specialized assembly areas, and powerful machining and crane technology (up to 60 tons) are available. The workshop is designed to support customers throughout LATAM quickly, precisely, and reliably - from routine inspections to complex Level 3 maintenance. A comprehensive spare parts inventory enables fast response times, while modular work areas ensure maximum efficiency. With spare parts warehouse vertical assembly capabilities up to 12 m, precise 3D measurement technology, and a fully equipped turning, milling, and grinding area, the workshop is perfectly prepared for demanding projects.

“The new workshop in Cartagena will certainly improve SCHOTTEL's response time and support in the Americas.”

Alentué Pompei, Fleet & Supply Chain Director, SAAM Towage.

“Having a dedicated SCHOTTEL workshop in Cartagena is a game changer for our operation. With 40% of our fleet powered by SCHOTTEL and more than 10 thrusters scheduled for overhaul in the coming years, this local capability will significantly reduce response times, enhance repair reliability, and maximize fleet availability.”

Cristian Franco, Operations and Fleet Manager, Ultratug Colombia

“We aim to help our customers by balancing the reliability of their ships and operational commitments with cost considerations. Our After Sales Service is a reliable partner to help extend the lifetime of vessels.”
